

Our services

Facilitated Board Self-Assessment

We assist Boards by facilitating self-assessments, which typically take the form of an extensive survey. We can help create the survey questionnaire or advise on the Company's existing format. **Surveys are completed online and sent to us securely, thus ensuring confidentiality.** We provide a concise report with aggregate statistics, saving you the time of reviewing raw data.

Board Effectiveness Review

We tailor our well-tested methodology to the specific organisation in question. We believe that the evaluation of the Board should encompass more than structures and processes; understanding Board dynamics is a core part of our review. **We provide a report with our analysis of the state of the Board and recommendations for improving its effectiveness.**
